

A GUIDE TO...
**Our EPOS
Hardware**

GARDIFF
Epos

Gardiff EPOS have a range of touch screens and peripherals to ensure complete customisation for your business. As a leading provider of EPOS systems, we only use the highest standards of equipment and have a reputation for providing high quality, durable POS hardware.

With our many years' experience in providing EPOS solutions in the hospitality and retail sectors we know what our customers are looking for.

Modern, stylish equipment that is simple to use and can withstand the rigours of the demanding hospitality and retail environments.

We are confident that our touch screen terminals are amongst the best on the market and the fanless, low heat operation design offers a silent and dust free environment suitable for use anywhere.

Carl Harris, Gardiff EPOS

A GUIDE TO... our EPOS Hardware

The **GAR9635** Touch Screen terminal is a sleek, powerful modern design. It has also been designed to cater for the unique demands of the hospitality sector as it is completely sealed to prevent dust, liquids or foreign objects getting inside the system, thereby reducing downtime and increasing the life cycle of the terminal.

IT ISN'T ALL ABOUT THE TOUCH SCREEN...

Because we know that no two businesses are the same, our EPOS hardware can be installed and configured on-site to suit most operations. Any modern integrated EPOS solution works in tandem with a wide range of peripherals depending on the size and scale of your operation.

We provide flexible packages of add-on devices and peripherals to compliment your EPOS solution.

Our friendly, professional engineers will endeavour to install your EPOS hardware to your specification.
